THE VERNON DAILY RECORD

STOREY OUT FOR ATTORNEY GENERAL

HOME TOWN STUFF

The other day a correspondent who signed himself "Papa," thus suggesting that he is not boss at his house, wrote a letter to this column asking explanation of why the lights do not shine in the letter "L" in the electric sign atop the Wilbarger Hotel. While he feared not to tackle the subject, H. T. side-stepped an answer and suggested that the amiable Mr. Winter, proprietor of the Wilbarger, could and no doubt would, if his interest could be evoked, make definite answer to the query about the lights in the electric sign.

That his faith in this respect was well founded is fully shown by the attached communication from Mr. Winter's typewriter. If this letter doesn't completely silence the anonymous critic, then there is no use trying. The letter begins in the next paragraph to the south of this one.

"Your honorable and interesting column makes mention of the 'L' being left out of the word 'Hotel' in our sign atop the Wilbarger Hotel. We are not delinquent in our bill to the light company, but there is a reason far more significant in this omission. We have contributed that 'L' to humanity at large, in that there may be more learning mid the masses, so that reason may not lack alone, but be enthroned in the mind of mankind, that justice and mercy will be our companions, making the whole world akin.

"We have contributed this 'L' to laughter, so that the sunshine of existence may come into each and every life. Youth may have its fling and no bitter dregs of the morning after. The evening of the shadows of old age may be brightened, and we can wend our way down that long, long trail a-winding feeling that life after all is not so bad.

"We have contributed this 'L' to love, that greed and all the other ills of humanity may be lessened, and we can show to the world that we are really interested in doing good. Our motives are not mercenary, neither for self aggrandizement. Give advice that we really believe in and adhere to.

"Last but not least we contribute this 'L' to loyalty. Loyalty to principles. Loyalty to mankind. Loyalty to home and family. Loyalty to ideals. Loyalty to our Government and those laws made for the betterment of society, eliminating thereby the froth of home brew, that makes every man who encourages the brewing thereof without the pale of loyalty to his country. Loyalty the shield of truth, that can only be worn by those worthy.

"Mr. Editor, if this 'L' can only wend its way as above stated, we are more than willing that it be left out of our sign on the top of the Wilbarger, as it will serve our purpose better, and mean more to our community, than just satisfying the curiosity of some of your readers by its absence.—Winter of the Wilbarger."

Some of the readers of this column may recall that some few days ago the impatience of some with regard to the rain was rebuked. In substance the impatient ones were adjured to calm themselves and depend upon the assurance that rain would come when and as needed. It did last night.

The tourists representing the West Texas Chamber of Commerce will be in our midst tonight, breaking up their motorcade here after a ten-day trip that has carried them all the way from the Davis Mountains, up through New Mexico and on to Amarillo and the North Plains. It is a nice trip, but H. T. had rather write about it than take it. Touring in these hot days is something to ponder over.

AMOUNT VARIES FROM HALF TO THREE INCHES

Downpour Lasts Most of Night and Covers Wide Area, With Lightest Fall Reported in Vicinity of Harold and Heavier West and North.

A timely rain, ranging from a reported half-inch in an easterly direction to almost three inches west as far as Crowell covered Wilbarger, Ford, Hardeman, and parts of Baylor and Knox counties last night. In Vernon and immediate vicinity the rainfall was reported at 1.48 inches. The rain fell nearly all night throughout this section, with great benefit to crops, and brought to an end a wave of unusually hot weather.

Precipitation started here about 10:30 last night, and continued through most of the night. Rain was reported still falling in the Rock Crossing oil fields and in the vicinity of Lake Kemp at 9 o'clock today. Heavy general rains fell all the way between Vernon and Seymour, with a greater precipitation in the latter territory. The heaviest rain was reported at Crowell where from two and one-half to three inches fell. No damage was reported from any points of this county, but reports from Crowell stated that water was overflowing the cotton fields south of town early this morning, with little damage, however.

About two inches of rain fell at the Phillips and Humble camps at Hilltop in the course of the night, and was still falling this morning. A similar precipitation was reported on the west side of the Seymour Road in the Waggoner pasture and in the vicinity of the Waggoner lake.

The lightest rain was reported at Harold, where about half an inch fell. Precipitation was more general and considerably heavier, averaging about one inch, nearer Oklahoma, with the territory south of town receiving the heaviest share.

At Ocell the rainfall measured nearly two inches, and was reported general. No damage was evident this morning, although water was standing in the cotton fields.

No definite information was obtained this morning from points on the Fort Worth and Denver above Chillicothe, but it was thought that the rainfall was light in that region. The heaviest rains fell south of Chillicothe and around Vernon, reports indicate.

Reports to the Fort Worth & Denver station here are to the effect that the rains extended from Decatur to Childress in the territory served by the railroad.

TWO LOCATIONS ARE ANNOUNCED

TEST WILL BE MADE ON
STREIT FARM AND
ONE AT DOANS

A new wildcat location has been made on the Albert Streit place in southeast Wilbarger County by the Consolidated Oil Company of their No. 1, Streit. Work on erecting a derrick has been started. The location is 150 feet south and east of the northwest corner of the S. M. Gossnell survey, abstract 1231. It is south of the southwest corner of section 7, block 9, H. & T. C. R. R. survey, two and a half miles west of the Fluhman field production.

A derrick is also being erected by the Shaw & Rathke interests on the Watts place, a wildcat location, one mile north of Doans in block 13, H. & T. C. R. R. survey. It was reported yesterday that fuel oil was being taken to the location in preparation for spudding in.

CANADIAN PROVINCE REJECTS GOVERNMENT LIQUOR SYSTEM

Charlottetown, P. E. I., July 19.—(AP)—The prohibition act of the Canadian province of Prince Edward Island was decisively endorsed by a plebiscite yesterday at which voters were asked to decide between its retention or substitution of government sale. Before the returns were all completed prohibition was conceded a large majority.

MOTORCADE IS SCHEDULED TO BE HERE TONIGHT

Leaving Canadian, early this morning, the fourth annual motorcade of the West Texas Chamber of Commerce is due to arrive in Vernon this evening about 6 o'clock where the party will disband after attending a dinner arranged for them at the Wilbarger Hotel cafe, according to B. A. Williams, president of the Vernon Chamber of Commerce. Plans have been made by Mr. Williams to care for 30 visitors this evening, following the receipt of a communication from Grady Shipp, secretary of the local chamber, who is with the motorcade. All of the directors of the local organization will be invited to attend the final meeting of the members of the 1929 motorcade, Mr. Williams said. Heavy roads on account of rains may delay the arrival of the party here tonight.

The motorcade, according to schedule, left Canadian this morning at 8 o'clock, and came to Shamrock at noon, after stopping at Mobeetie and Wheeler. From Shamrock the party will come to Vernon, stopping at Wellington, Childress, Quanah, and Chillicothe on the way.

In the course of a ten-day tour of West Texas and eastern New Mexico, the West Texas Chamber of Commerce motorcade will have visited 19 principal towns and cities and 27 smaller towns. Two West Texas Chamber of Commerce district conventions were attended. One was the convention of the Big Bend District at Van Horn July 13, and the other the Pecos-Intermountain District at Roswell, N. M.

The principal cities included in the itinerary of the motorcade were Balinger, Texas, where the company was organized June 10; San Angelo; Christoval; Fort Stockton; Alpine; Marfa; Van Horn; Cavern; Artesia, N. M.; Clondroff, N. M.; Ruidoso, N. M.; Roswell, N. M.; Farwell, Texas; Hereford; Canyon; Amarillo; Canadian; Shamrock; and Vernon.

Grady Shipp, secretary of the Vernon Chamber of Commerce, and A. M. Bourland, of Vernon, president and manager of the West Texas Chamber of Commerce, are with the motorcade, which will disband here tonight.

PILOT OF IOWA PLANE KILLED

TESTS WERE BEING MADE
FOR ENDURANCE FLIGHT
AT DES MOINES

Des Moines, Iowa, July 19.—(AP)—Ross Arnold, pilot of the endurance monoplane, Greater Des Moines, was killed yesterday when the plane crashed nine miles southeast of here. The crash followed an attempt at a test refueling preparatory to starting an endurance flight today. Charles Gatschet, co-pilot, was thrown from the plane but landed safely with a parachute.

The plane was flying directly below its refueling ship, the Miss Sioux City, piloted by Arnold's brother, Jimmy, and Jimmy Barwick. It suddenly went out of control. Gatschet and Arnold were both in the rear cockpit, which is equipped with dual controls. Gatschet said he attempted in vain to pull the nose of the ship up. Then he was tossed from his seat into the air. He said he did not know what became of Arnold.

The plane dove from a height of 3,000 feet, plunged into a group of trees and dropped into a wooded ravine.

MISTAKE MADE IN REPORTING RECENT FATAL ACCIDENT

Owen B. Linville, oil field worker, and son-in-law of Ben Lane of the Elliott community of Wilbarger County, was not killed as was reported July 10, Mrs. Linville said today. N. Bryan Linville, brother of Owen B. Linville, was killed in an accident on the Staley & Wynne lease in the Grayback field July 9. News reports carried the name of the accident victim as O. Bryan Linville, which was incorrect.

Oil Royalties Heavy.

Austin, July 19.—(AP)—Oil royalty collections from wells on University of Texas lands have aggregated \$161,604 for July so far, it was announced by the Land Office yesterday. The grand total of the royalties fund is \$10,795,520, invested in bonds, the income from which is used to construct buildings for the University.

BANDITS TAKE MONEY CAR IN NEW ORLEANS

Huge Amount of Cash and Negotiable Checks Lost in Daring Daylight Hold-Up Staged in Downtown District—Robbers Escape in Truck.

New Orleans, July 19.—(AP)—An armored truck of the Hibernia Bank and Trust Company carrying \$100,000 in cash and checks was seized by hooded bandits today and driven off after the bank guards had been thrown to the street.

The loot contained \$21,300 in cash and \$21,283 in negotiable checks, but \$61,720 was represented by cancelled checks of the Illinois Central railroad of no value to the bandits.

The truck was trailed by the bandits in a grey sedan until it curved at Dryade and Julia streets was reached. Here the bandits began blowing their horn, and the truck chauffeur, thinking they wished to pass, pulled to one side.

Instead, the bandits leaped aboard the truck, firing two shots, jerked the guards to the street, drove them into a negro restaurant at the points of a shotgun and pistols and escaped up the street in the truck, leaving the sedan, which had been stolen. The guards fired as the truck sped away and the bandits shot back, but all of the bullets went wild.

GET EVIDENCE IN LEAHY CASE

CONDEMNED SLAYER MUST
FACE HEARING ON
SANITY TEST

Austin, July 19.—(AP)—Unemotional and silent, Harry J. Leahy today was taken by guards to the Austin State Hospital for insane from the Travis County jail where X-ray pictures were made of his head and the prisoner was subjected to a minute physical examination.

The move was made by state's attorneys in an effort to place before a jury at Georgetown Monday evening evidence that the condemned slayer of Dr. J. A. Ramsey of Mathis is sane.

Leahy's execution, originally set for July 12, was held up through an order issued by District Judge Harry Doan of Williamson County restraining the warden of the state penitentiary from proceedings until after the doomed man had been given a sanity hearing. The mandate was issued after Miss Amanda Davidson, telephone operator, declared her observation of Leahy led her to believe the former ranchman was unbalanced mentally.

Deputy Sheriff Joe Bratton, who stood guard over Leahy yesterday, said the prisoner told him he did not request a trial to determine his sanity.

MURDER CASE IS BEING ARGUED

LIMESTONE COUNTY MAN IS
ON TRIAL FOR DEATH
OF AGED FATHER

Corsicana, July 19.—(AP)—Arguments in the trial here of Loyd Davidson of Limestone County, charged with the slaying of his father, W. T. Davidson, at the latter's home near Coolidge on May 3 last, was started today after Judge Hawkins Scarborough had delivered his charge.

The defendant was alleged to have slain his father and step-mother and to have burned their farm home over their bodies. He was given a 99-year penitentiary sentence in connection with the woman's death at a recent trial at Groesbeck. The trial for the slaying of his father was brought to Navarro County on a change of venue.

PLANS NON-STOP FLIGHT FROM TACOMA TO TOKYO

Los Angeles, July 19.—(AP)—Lieutenant Harold Bromley, planning a non-stop flight from Tacoma, Wash., to Tokyo, soared away on the first leg of his flight, Los Angeles to Tacoma, at 10:13 a. m., today.

The monoplane is a Lockheed air express, powered by a Wasp motor.

Candidate

Cecil Storey

STORM SWEEPS LAKE MICHIGAN

HIGH WATER CAUSES MUCH
DAMAGE TO CHICAGO
LAKE FRONT

Chicago, July 19.—(AP)—A furious nor'easter lashed Lake Michigan yesterday and early today, causing thousands of dollars loss in lake front damage. Fifteen-foot waves battered lake front apartment buildings, tore craft from moorings, and swept over streets, beaches, and parks.

Mariners described the storm as the worst in twenty years. Excursion steamers and freighters fought their way with difficulty through the tumbling waters. Most of them docked an hour or more late.

The storm started shortly after noon when a strong northeast wind swept over the lake. An hour later many lake front streets were awash and coast guard crews were kept busy answering distress signals. The sun shone brightly throughout the day.

Repairs recently made to shore property damaged in the severe spring storms were in most cases swept away by the battering waves. Several small bathing beaches were obliterated. A large portion of the sand fill extending from 12th Street to 51st Street for the site of the world's fair in 1893 was carried back into the lake. Motorists in South Shore Drive were routed when seas dashed over the wall at 67th Street, inundating the thoroughfares and part of Jackson Park.

Earthquake Rocks Italian Cities as People Take Flight

Florence, Italy, July 19.—(AP)—Florence was shaken by an earthquake at 10:02 p. m., yesterday. The shock lasted about eight seconds and did considerable damage to walls and roofs in neighboring villages.

Roofs fell and crevices appeared in walls in Borgo, San Lorenzo, Vicchio, Barberino, and Firenze, but no personal injuries were reported.

The quake which was of undulatory character caused many to desert their houses and spend the night outdoors. Its epicenter was believed to be about 25 miles distant.

The Piazza Michelangelo, the Campo de Marte, and Le Cascine were full of fearful people while the populace of the hamlet Mugello went out into the fields to sleep.

At Bologna the shock was lighter than at Florence. At Faenza and Castel Del Rio the inhabitants were greatly alarmed.

SENATE SESSION LASTS LESS THAN ONE MINUTE

Austin, July 19.—(AP)—The Senate held the shortest session in its history today, assembling and adjourning within the space of one minute.

"The Senate will come to order, and I recognize the Senator from Galveston," Senator Gus Russek of Schulenburg said, rapping his gavel.

CALLES ARREST POSSIBLE IF HE COMES TO TEXAS

Announcement of General's Contemplated Trip to New York by Way of Laredo Recalls Threat Made by Webb County Officials to Try Him.

Mexico City, July 19.—(AP)—Accounts published in Mexico City newspapers today that General Plutarco Elias Calles would leave here Saturday by train for New York, passing through Texas en route, caused surprise in some circles where the threat of John A. Laredo, former district attorney at Laredo, Texas, to arrest him on a murder warrant was remembered.

The Mexico City accounts today said General Calles would leave New York on the Ile de France July 26, to spend several months in Europe, during which time he will rest and seek relief from an illness which has bothered him for some time.

Previously it had been understood he would go to Tampico and take a ship from there to New Orleans, proceeding to New York by train from that city.

Last August Valls, who is now a judge at Laredo, accused General Calles and the late General Alvaro Obregon of complicity in the assassination of two Mexican Army officers in Laredo in 1922. Valls said that while General Obregon's assassination had removed the possibility of arresting him, "the prosecution sprang will remain pending with the fervid hope that some day they will be called upon to answer for their enormous crimes at the bar of public justice in Webb County."

Valls' statement was made as the result of an exchange of correspondence with the State Department at Washington growing out of the threat of the Mexican Government to remove its consulate from Laredo because of prejudiced handling of cases in which they were interested.

Judge Makes No Comment.

Laredo, July 19.—(AP)—Saying he was District Attorney at the time he made the statement that General Plutarco Elias Calles, former President of Mexico, would be arrested if he came to Webb County, Judge John A. Valls today refused to comment on a reported decision of the Mexican General to visit New York, passing through Texas en route.

CAR STRIKE IN STATE OF SIEGE

BOTH SIDES IN NEW ORLEANS
TRAFFIC STRIKE ARE
STANDING PAT

New Orleans, July 19.—(AP)—The street car strike settled down to a siege today between the Union and the Company with the City Council standing in between beseeching peace.

The Council arranged for separate meetings of Union and Company officials. At an open air mass meeting last night the demand of the howling mass of men and women for municipal operation of street cars was voiced.

Francis Williams, chairman of the Louisiana Public Service Commission, declared the street cars should be taken over and operated by the city if the New Orleans Public Service persisted in attempting to operate on an open shop basis.

Hoots drowned out the reading of a letter from the City Commission Council saying the Council would not be stampeded and cautioning the Union men not to take any action that would "sacrifice their happiness and economic welfare."

David Marcus, president of the Central Trades and Labor Council, who advised against a general strike, was booed off the platform.

Public Service officials planned to put more cars out with non-Union men under the protection of United States deputies.

TAXABLE VALUES IN TEXAS OVER ONE BILLION DOLLARS

Austin, July 19.—(AP)—Taxable values of Texas aggregate \$4,144,446,188, according to estimates furnished State Comptroller S. H. Terrell by county assessors.

Harris County has the highest values, being estimated at \$316,000,000. Dallas County is second with \$300,000,000. Bexar County's estimate is \$195,000,000 and Tarrant County's \$170,000,000.

SENATOR URGES FARM BOARD TO STUDY COTTON

Washington, July 19.—(AP)—Senator Connally, Democrat, Texas, appealed to the Federal Farm Board today to give early consideration to the cotton situation.

The Texas Senator urged the Board to set up a statistical bureau as the first step in pointing the way to a consideration of cotton conditions.

Carl Williams of Oklahoma, cotton representative on the Board, assured Senator Connally that as soon as the Board had determined its policies the cotton situation would receive consideration. He received with interest the suggestion for the establishment of a statistical bureau which would keep the Board in touch at all times with cotton crop conditions.

Reports have been received here of the adoption by the Texas and Georgia Legislatures of resolutions asking consideration of the cotton situation but the Board has not been able to give consideration to specific committees.

"Cotton prices have been sliding downward," Senator Connally expressed the opinion they had stiffened and would at least hold their own.

SEVEN KILLED BY EXPLOSION

ACCIDENT IN ALUMINUM
PLANT RESULTS IN
HEAVY DAMAGE

New Kensington, Pa., July 19.—(AP)—Seven dead and nine injured was the toll today of the explosion which last night wrecked part of the Logan's Ferry Works of the United States Aluminum Company, a subsidiary of the Aluminum Company of America.

Coroner W. J. McGregor said a machine belt became clogged, and friction or a spark probably had caused an explosion of dust.

J. I. Planstensch, 55, Tarentum, Pa., night foreman, staggered from the plant a few minutes after the explosion and dropped dead. The body of another workman was found in the ruins. Five others died in a hospital.

The explosion wrecked two connecting brick and steel one-story buildings and rocked the entire New Kensington district.

SANTA FE TO START WORK SOON ON ORIENT LINE

Alpine, Texas, July 19.—(AP)—Representatives of the Santa Fe and the Alameda-Piedra companies here announced that construction work on the Alpine-Piedra gap probably will be started by August 10. A final survey is more than half completed, and the exact route of the new rail line is expected to be definitely established by Aug. 1.

The Santa Fe already owns a right of way to the Mexican border, acquired when it assumed control of the Orient railway several months ago. However, it was found advisable to change the route at several places, and construction will start immediately after completion of the new survey.

FAST KATY TRAIN DERAILED TODAY NEAR MUSKOGEE

Muskogee, Okla., July 19.—(AP)—Several cars of a northbound Missouri-Kansas-Texas limited passenger train left the rails early today at Brewster, ten miles south of McAlester. No one was injured.

None of the cars turned over, although the train was going 40 miles an hour when the engine tender, baggage cars, and chair car left the track. Wrecking equipment was sent from Muskogee.

The southbound Texas Special was derailed near Kansas, Oklahoma and Gulf tracks.

STERLING IS URGED TO MAKE RACE FOR GOVERNOR

Houston, July 19.—(AP)—The Houston Chronicle today called upon R. S. Sterling, publisher of the Houston Post-Dispatch and chairman of the State Highway Commission, to run for Governor and pledged him its support in the event he enters the race for the Democratic nomination in 1930.

The Chronicle was a vigorous supporter of Oscar F. Holcombe, announced candidate for Governor, in the last majority campaign here.

ANNOUNCEMENT IS MADE FROM CAPITAL TODAY

Vernon Attorney Will Seek State Office After Service of Eight Years in House of Representatives From Wilbarger County.

Austin, July 19.—(AP)—Cecil Storey, of Vernon, member of the House of Representatives for eight years, announced his candidacy for Attorney General of Texas today. He said he was "yielding to the impulse to serve the people of his native state." Storey is the first candidate to announce for the office now held by Claude Polard of Houston.

Storey is an alumnus of the University of Texas. He was admitted to the bar in 1900 and has been actively engaged in the practice at Vernon for 20 years.

"The victories I have won in the court rooms of Texas have been plentiful enough to satisfy my professional pride," Storey said in his announcement statement. "My service of eight years in the Legislature has given me an opportunity to study and to learn the rights and needs of the State for efficient service in the Attorney General's office and I promise to endeavor to protect these rights and to secure these needs if I am elected."

CANDIDATE HAS LIVED HERE FOR PAST TWENTY YEARS

Representative Cecil Storey of this city, whose announcement as a candidate for Attorney General was made public in Austin today, has been a resident of Vernon for the past twenty years, having spent practically his entire professional career as a member of the Vernon bar.

Mr. Storey came to Vernon shortly (Continued on page 5)

WATTS FUNERAL THIS AFTERNOON

PIONEER WOMAN'S FUNERAL
WILL BE HELD AT FIRST
METHODIST CHURCH

Funeral services for Mrs. Rena M. Watts, 77, Wilbarger County pioneer, and prominent in W. C. T. U. work in West Texas for more than a quarter of a century, will be held this afternoon at the First Methodist Church with Rev. C. A. Bickley in charge. He will be assisted by Dr. E. L. Moore of Vernon. Funeral services will be held at 2 p. m. at the residence of the deceased, Mrs. Mary Towns of Moran, and a nephew, Eugene Oyler of Moran.

Pall bearers are: U. S. Davis, E. H. Pigg, P. M. McKinley, E. P. Robertson, J. A. Carney, and J. A. Harrington. All members of the board of stewards of the First Methodist Church and all members of the local W. C. T. U. were named honorary pall bearers.

CUT RATES ON COTTON AND LINTERS IS ORDERED

Austin, July 19.—(AP)—Authority to reduce rates on cotton and cotton linters in bales to meet motor truck competition was temporarily granted today by the Railroad Commission.

A further hearing on the application of railroads to meet the competition will be held, it was said, the evidence submitted at the first hearing not having been sufficient to justify the Commission in making a definite finding, it held.

HEAVY FIRE LOSS REPORTED FROM ARMY BASE AT WARSAW

London, July 19.—(AP)—An exchange telegraph dispatch from Warsaw today said a disastrous fire had been burning there since Wednesday night in the building of army engineers' stores.

The fuel stores blew up Wednesday, and the fire spread destroyed the buildings despite the work of 800 firemen. Many persons were said to have been injured.

WOMAN OF EVIL SPIRIT IS SLAIN

MICHIGAN COUPLE DECLARE AGED VICTIM HELD POWER TO KILL

Kalamazoo, Mich., July 19.—(P)—Eugene Burgess, his wife and their son and daughter are in jail here today while officers investigated what they said had all the appearances of a "hex" slaying.

The victim was Mrs. Etta L. Fairchild, 75, occupant of a home for the aged here, whose mutilated body was found in a cistern shortly before midnight last night.

Burgess, officers said, confessed

ROBT. A. STRATE

Prominent business leader, who declares Sargon has made a well man of him after ten years' suffering and increased his weight 15 pounds.

"I suffered 10 years with as bad a case of stomach trouble as any man ever had. I was advised to have an operation, but I wouldn't consent. My whole system was filled with poisons. I would wake up mornings dead tired, and my back ached so I could hardly get out of bed. I was badly rundown, my skin was an unhealthy color and I didn't seem to have any strength or energy.

"Five bottles of Sargon made a well man of me! I gained 15 pounds and have as much strength and vitality as I had 20 years ago. Sargon Soft Mass Pills regulated me perfectly." Robt A. Strate, owner of the Bakery Equipment Co., Oklahoma City.

Sargon has become a household word from coast to coast and sales of the new medicine continue to increase as new tests of its powers are made.

Huber's City Drug Store, exclusive agents. There is a Sargon dealer in every town. Adv.

Weds Grandson of Senator Lodge

he's the wife of John Davis Lodge, grandson of the late Senator Henry Cabot Lodge. A Boston society girl who danced on the vaudeville stage, pretty Francesa Braggiotti was married to Lodge, Harvard graduate, recently in Boston. They are spending their honeymoon in Europe.

he had killed Mrs. Fairchild with a lead pipe and a hammer because she "had cast an evil mental influence" over his family and that she "could kill people through her mental process."

He charged Mrs. Fairchild's influence had brought about the death of his mother two years ago and that of her husband some 15 years ago.

Burgess' wife also sought to take responsibility for the slaying, saying she had killed Mrs. Fairchild. Like her husband, she said the aged woman "had an evil mental influence or 'spell' over the entire Burgess family."

Bomb Is Discovered.

New Orleans, July 19.—(P)—A bomb containing twelve sticks of dynamite was found yesterday in a valve box on a 22-inch natural gas main. The discovery was by employees of the Public Service Company which controls the gas supply and operates street cars.

IN SOCIETY

MISS LORAIN BRUNSON MARRIES JACK HOOKER

Miss Loraine Brunson became the bride of Jack Hooker Thursday afternoon at 6:30 o'clock at the home of her mother, Mrs. O. A. Brunson, 2504 Main Street. Dr. E. L. Moore performed an impressive ring ceremony.

Only members of the immediate family were present.

Mr. and Mrs. Hooker left immediately for Commerce to visit his parents. They will make their home in Vernon. Mr. Hooker is a salesman for Waples-Platter Grocery Company.

BAPTIST WOMEN STUDY NEW TESTAMENT COURSE

The women of the Baptist Church met Thursday afternoon at Allingham Park to study the last lesson of the New Testament with Mrs. W. N. Martin, teacher. The examinations will be held today over the work that has been studied.

Those present were: Mrs. J. N. Wright, Mrs. K. C. Gray, Mrs. Frank Fletcher, Mrs. W. Curtis, Miss Elizabeth Lane, Mrs. Dave Self, Mrs. Frank Sylvester, Mrs. Louis Bridges.

Leaguers Meet at Tolbert.

Delegates from Vernon will attend the Chillicothe Epworth League Union at Tolbert this evening at 8 o'clock. The program will be a devotional, inspirational, and fun program, and leaguers at Quannah, Chillicothe, Crowell, Margaret, Thalia, Medicine Mound and Vernon will be represented.

Helping the Homemaker

By MRS. ALEXANDER GEORGE

Suggestions for Sunday—Breakfast.

Cantaloupe
Fish Cakes
Muffins Coffee

Dinner.

Fried Chicken. Buttered Potatoes
Bread Butter

Fruit Salad
Peach Ice Cream Nut Cake

Coffee
Supper.

Deviled Egg Vegetable Salad
Buttered Rolls

Sugar Cookies Tea

Fish Cakes, serving four.
(From leftovers)

2-3 cup fish, flaked
1 cup leftover potatoes

1 egg
1-4 teaspoon salt
1-4 teaspoon pepper

1-4 teaspoon celery salt
1-3 cup flour
4 tablespoons bacon fat

Mash the potatoes with a fork. Add the fish, egg, salt, pepper and celery salt. Shape into cakes two-thirds inch thick. Roll in the flour and brown in the fat which has been heated in a frying pan. Serve on a platter and garnish with parsley.

Peach Ice Cream, serving eight.

2 eggs
2 tablespoons flour
1-4 teaspoon salt

1 cup sugar
2 cups milk
2 teaspoons vanilla

2 cups cream
2 cups sliced peaches (fresh)
1-2 cup sugar

Mix the peaches and 1-2 cup of sugar. Chill. Beat the eggs and add the flour, salt and sugar. Mix well and add the milk. Cook in a double boiler, stirring constantly, until the mixture

TWO TEACHERS ELECTED BY SCHOOL BOARD LAST NIGHT

All Vernon Public School teachers with the exception of an assistant coach have been elected, it was announced this morning by members of the Vernon School Board, after a called meeting of the Board last night. An instructor for the High School who will assist with coaching this year is being considered and will probably be announced soon.

Miss Selma Baird of Vernon was elected last night to a position as grade school instructor, and Miss Rose Evelyn Adams of Greenville was elected to a similar position. The Board attended to several other matters of a business nature last night following the election of the two instructors.

The Medicine For Pellagra

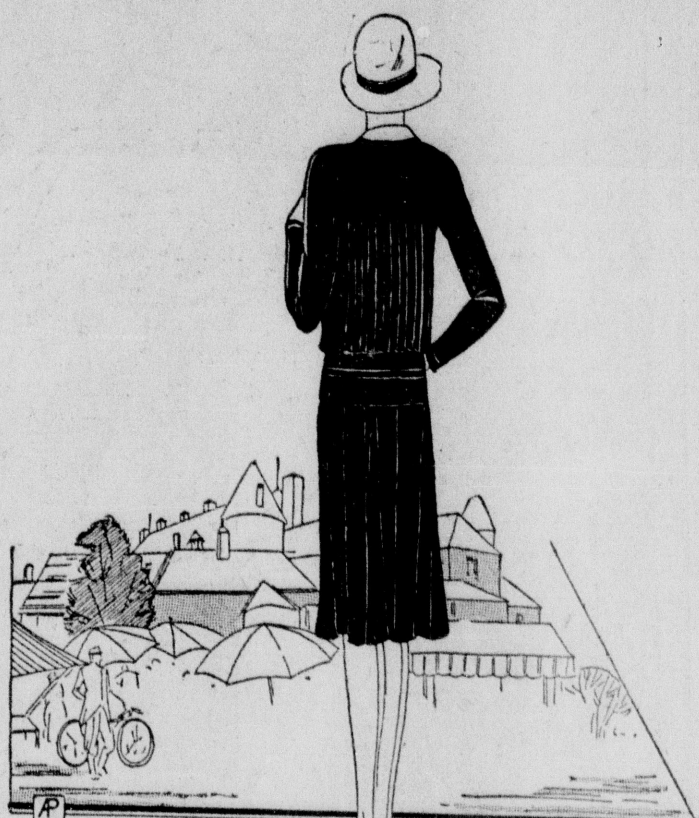

Dr. J. L. Leverett, prominent Paris, Texas, Specialist, is attracting National attention with his NEW method of treating Pellagra and certain forms of stomach trouble closely resembling Pellagra. Under a rigid test of more than 3000 patients the treatment proved to be all that was claimed. A 28-day trial treatment for \$5 and this money back if the patient is not benefited and the patient alone is the judge. The medicine doesn't make you sick to take it. For particulars, testimonials and blank for FREE diagnosis write J. L. LEVERETT, M. D., Paris, Texas.

Anyhow, She Won't Be Beheaded

The fact that there is no extradition treaty between the United States and China saves Mrs. Susie Ying Kao, wife of the Chinese sub-consul at San Francisco, from the possibility of being beheaded in her native land. Federal officers found \$1,000,000 worth of opium in her trunk at San Francisco; if she were deported to China she would probably meet the ordinary fate of smugglers in that land—execution by the sword. Instead, federal authorities will probably seek a term of imprisonment for her. Dr. Sing Kao and Mrs. Kao are shown here.

Modes of the Moment

Dresses with bolero effects are extremely good style. Saw one at Drecoll-Beers made with pleats let into the bolero back of a black crepe de chine printed in ship pattern. The front of the blouse is a plain bolero.

thickens a little. Remove from the double boiler at once and beat for 2 minutes. Cool and add the cream and vanilla. Pour into a sterilized freezer and when half frozen add the peaches and freeze until stiff.

Flavor blueberry pie with lemon juice and nutmeg.

Dip waxed flowers in lukewarm soapy water and they will be quickly and effectively washed.

COMMITTEE VOTES AGAINST POINCARÉ DEBT POLICY

Paris, July 19.—(P)—Efforts to find a compromise by which reservations to the foreign debt ratification bill might be incorporated in a special resolution of subsidiary bill failed today when the finance committee of the Chamber of Deputies almost unanimously declared itself in favor of incorporating the reservations in the text of the bill itself. This is in direct opposition to the declared policy of Premier Poincaré.

Vernon, Texas

Montgomery Ward & Co.

Congratulations

Since you have chosen our city as a new field for your activities, we feel that felicitations are proper.

It is encouraging to see honest and growing enterprises locating in our midst. We are proud of Vernon's steady and substantial growth... and your locating here has a deep and wide significance.

We look forward with pleasure to our association with you, and heartily welcome you with best wishes to Vernon.

ST. LOUIS PLANE NEARS WEEK SPENT IN FLIGHT

St. Louis, July 19.—(P)—Still going strong after six days in the air, the "St. Louis Robin," endurance plane piloted by Dale Jackson and Forest O'Brien, took on a new supply of fuel at 7 a. m. today and drove on into the seventh day aloft. The plane had been up 144 hours at 7:15 a. m. A sister endurance plane of the Curtiss-Robertson Manufacturing Company, the "Missouri Robin," approached the end of its second day of flight this morning.

A 40-foot hose used in refueling struck the steel propeller of the "Missouri Robin" during a refueling contact late yesterday, but apparently no damage was done. The plane is piloted by Joseph Hammer and W. Gentry Shelton.

Backers of the "endurance derby" are hopeful one or both planes will exceed the present endurance record of 246 hours, 53 minutes and 32 seconds.

THE VERNON DAILY RECORD

Published every afternoon except Sunday by The Vernon Record, Inc. 1501 Cumberland Street, Vernon, Texas.

R. H. NICHOLS, Editor and Manager

Entered as second class matter, No. 10,723, at the post office at Vernon, Texas, under the Act of March 3, 1879.

Subscribers desiring exchange in address of their paper should be careful to give old as well as new address to insure prompt attention.

Subscription Rates: Delivered by carrier—\$2 per year, \$2.10 for six months, 50c per month; 50c per week, payable in advance. Delivered by Mail—In Wilbarger, Hardeman and Fort Worth counties, \$3.50 per year, \$2 per six months, \$1.25 per three months, 50c per month. Anywhere else as per carrier rates.

Members of the Associated Press: The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

Notice to the Public: Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Record, will be gladly corrected when called to the attention of the editor.

NEXT YEAR'S GOVERNOR

It would be difficult to analyze the political situation in Texas for the gubernatorial campaign of next year, but at the present time there is a feeling on the part of many observers that 1930 will be a splendid time for some man, not now definitely aligned with either of the two most belligerent factions in Texas politics, to be elected Governor.

The two best known men now definitely announced as candidates and the only two of the present avowed candidates who are likely to have considerable strength are Senator Love and Lieutenant Governor Barry Miller. Both are well known in Texas politics. Each has long been before the people in positions of political leadership, and it goes without saying that each will start the campaign with a very substantial following.

But there is also reason for believing that a majority of the people of Texas do not wish to have either of them elected Governor. There is warrant for the belief that a majority will not vote for either of them, unless forced into such a choice by circumstances developed by the campaign. Just here is the basis for the opinion that a man who has avoided the bitterness of some of our campaigns in recent years and who has a record of solid accomplishment and good character has a splendid chance to become Governor of Texas next year.

We have been having rather hectic politics in Texas for the past six or seven years, beginning with the senatorial race of 1922. The election of Mrs. Ferguson as Governor was another phase and her defeat at the hands of Governor Moody was another, while last year's presidential campaign was of such character as to be almost termed an epoch in its own right. All of these campaigns have left their scars. Today it is difficult to see a man who has not been through some of them.

difficult to secure calm consideration of any public question, because of the alignments that grew out of the campaigns since 1922.

Of course, there are partisans who will cling to their chosen leaders, or rather to the leaders who have been upon them by circumstances, but The Record is of the opinion that the great majority of the people of Texas wish to get away from the factionalism of the past few years and select as their Governor a man whose election will mean that factionalism, with all its untoward consequences, is no longer a legal political tender in Texas. The best interests of Texas demand that we have an end of the bitter controversies, such as we are certain to have as long as Senator Love, Governor Miller and others are in dominant positions in Texas public affairs. Let us elect a Governor next year who can be expected by reason of his experience to give Texas a sanely administered business policy in State affairs and who will not be constantly trimming his sails to seek some other office or to become a national party leader—a Governor who will give Texas the best service of which he is capable and let the political chips fall where they may.

THE WICKERSHAM LETTER

There is an old quotation where some one is said to have exclaimed, "Oh, that mine adversary would write a book!" One of the most embarrassing experiences possible is to be confronted with a written statement of some sort or another. There is a rule among old-time politicians that they never write letters, because sometimes written statements prove embarrassing. When something is written out in unmistakable language and the signature of the author is appended, there is little room for denial or evasion.

The chairman of Mr. Hoover's enforcement commission, the Hon. George W. Wickersham, has written a letter. On the face of it, the letter isn't so bad, but in one or two passages, Mr. Wickersham said, by inference that the Eighteenth Amendment and the Volstead Act are not now enforceable. Of course, the real purpose of Mr. Wickersham's letter was to express the view that there should be a more definite allocation of enforcement duties between the state and Federal authorities, but even this suggestion will likely prove embarrassing to President Hoover. It will not suit the prohibitionists. It strikes at the very life principle of national prohibition.

As a matter of fact, when the Eighteenth Amendment was submitted to the states and ratified, the Federal Government assumed the responsibility of controlling the liquor traffic. That was exactly what was desired and intended by those who supported the amendment. We already had prohibition in a majority of the states, but there were a few still outside the prohibition column, and it was to dry up these states that the amendment to the national constitution was invoked. It would defeat the very purpose of national prohibition to adopt Mr. Wickersham's suggestion, which, in effect, would amount to local option so far as enforcement by the states is concerned.

If a state opposed the amendment and did not care to bring about strict enforcement, under the Wickersham suggestion, that would be entirely a state matter. The Federal Govern-

ment would confine its efforts to control of manufacturing, wholesaling and smuggling operations. We do know that in some states sentiment is against the Eighteenth Amendment and under the Wickersham suggestion it would be an easy matter to bring about nullification.

Mr. Wickersham has been right in saying that this was the best way to have peace on the prohibition question, but in all probability his letter will haunt the Hoover administration many, many times before the end of another campaign. Letter writing is a bad habit for subordinate officers to have. The chief should do the letter writing. This fact will presently be realized by Messrs. Hoover, Wickersham and others in the administration.

CLASH BETWEEN RUSSIAN AND CHINESE TROOPS IS BELIEVED TO BE CERTAIN

London, July 12.—(U)—The menace of war hung over northeastern Asia today with a tense situation rapidly developing which easily could involve Russia and China in a battle for supremacy in Manchuria.

European correspondents in the affected area reported large concentrations of troops, both Chinese and Russian, at frontier points on the Chinese Eastern Railway, seized last week by Manchurian authorities. There was admitted danger of border clashes in the propinquity of these armies. Such incidents conceivably could precipitate both home governments into a deadly conflict.

Little if anything indicated the actual peace of the two countries has been broken, the current crop of rumors of border incursions and repulses lacking confirmation from any source. Except for frontier clashes there was some disinclination to believe the serious situation which has developed inevitably meant war.

The national government of China, Nanking dispatches said, viewed the position as grave but not hopeless. President Chiang Kai-Shek presided yesterday at a meeting of national leaders to discuss the situation. What took place was not revealed.

Traffic on the Chinese Eastern railway has come to a standstill except for the extensive troop movements.

Crowds of Chinese have flocked from the border towns eastward and to the south, while Russians in Manchuria are trying to reach Siberia either to the west or the north.

Thousands of Russians in the interior of China were reported as anxious to leave the country to escape internment in the event of war. Other Russians, "whites" said to number 20,000, and accepting the White Leader Ataman Semenov as their spokesman, were said to be anxious to wage war against the Soviet.

The Japanese Government made arrangements for the protection of its nationals in the threatened area and kept a vigilant eye on every happening with the possibility of Japan becoming involved in the conflict in a military way. The Japanese General Staff was said not to expect war.

The German consular and diplomatic officials have or are taking over Russian interests in China and Manchuria, and Chinese interests in Russia. The foreign legations at Peking were represented as watching developments closely, without assuming war was inevitable.

Little news emanated from Moscow and there was nothing in such dispatches as were received to indicate any warlike action was being prepared. The usual Russian censorship on press dispatches from Moscow was

Husbands and Wives All Brothers and Sisters

The Borna family and the Olson family of Iron Mountain, Mich., are just one big family now. There were four sons and one daughter in the Olson family and four daughters and one son in the Borna family—and now they are all paired off as husband and wife through the fifth inter-family marriage between Edwin Borna

and Ethel Olson, inset. The series of marriages started in June, 1924, when Theodore Olson married Dora Borna. Either Dora was a good match-maker, or else they were both so happy—well, anyway, standing here are Theodore, Charles, Archie and Oliver Olson. Seated in front of them are their wives, Dora, Ruth, Amy and Effie.

Announcement--

(Continued from page one.)

understood to be in force. Japanese dispatches said martial law had been declared in Harbin, capital of Manchuria, and the death penalty threatened for anyone spreading alarmist reports. Newspapers were strongly censored.

Some of the London press, which has had no friendly feeling toward the Bolsheviks, suggested today that Russia was merely bluffing in its stand, one idea being to influence America to intervene in an extraneous quarrel.

It was also pointed out that formal severance of relations by Moscow scarcely altered the position which has existed between Russia and China while the absence of diplomatic relations with other countries is almost a normal situation for the Soviet Government.

Influence of the Kellogg anti-war pact, of which both governments are signatories, was expected to be another deterrent to actual hostilities. Still another factor was the obvious disinclination of either party to invoke intervention by Japan.

Notice.

Notice is hereby given that the City of Vernon will, at a regular meeting of the City Commission, to be held at the City Hall, in the City of Vernon, at two o'clock P. M. on the 23 day of July, A. D. 1929, receive sealed proposals from any banking corporations, association or individual banker, doing business within said City, that may desire to be selected as the depository of the funds of the city, for the custody of the funds of said City for the period commencing with date of said selection and ending on the Second Tuesday in July, A. D. 1930.

Any banking corporation, association, or individual banker, doing business in the City, desiring to bid, shall deliver to the City Secretary, on or before said 23 day of July, A. D. 1929, a sealed proposal, stating the rate per cent upon daily balances that such bidder offers to pay to the City for the privilege of being made the depository of the funds of said City for such period.

By order of the City Commission.
H. D. HOCKERSMITH,
Mayor.
216-21c-Fri.

after his graduation from the University of Texas. For a short time he was associated with J. Shirley Cook in the firm of Cook & Cook & Storey. Later he was associated with Judge R. Walker Hall, and became the head of his own firm when Judge Hall was elected a member of the Court of Civil Appeals in Amarillo. At present he is senior member of the law firm of Storey, Leak & Storey, with offices in the Herring National building.

Ever since coming to Vernon Mr. Storey has taken an active interest in politics and local civic affairs, but has never been a candidate for any office other than the one he has held for the past eight years. Representative in the lower branch of the Legislature from Wilbarger and Wichita counties.

During the regular session of the present Legislature he gained statewide prominence when he led the fight in the House for passage of legislation designed to quiet titles to West Texas river bed lands and surplus lands in old surveys. Senator Small of Wellington in the Senate and Mr. Storey in the House were the acknowledged leaders of the fight to secure what was regarded as justice for owners of valuable oil lands throughout West Texas.

In his long career in the Legislature, Mr. Storey has been regarded as one of the House leaders and he has had an important role in the passage of much legislation during the past several sessions.

Local friends of Mr. Storey were jubilant this morning when it became known that he is to be a candidate for Attorney General and already plans are being made to give him organized support from his home town. His nomination and election are being freely predicted here.

Volcano Becomes Active.
Sapporo, Yezo, Japan, July 12.—(U)—The volcano Komagatake began a new eruption today, showering ashes over nearby villages. The inhabitants prepared to withdraw.

Rubber Area In U. S. Expands As Guayule Is Made Into Tires

Field of Guayule, a rubber-producing shrub introduced from Mexico (above), and the first automobile tire (inset) ever made from commercially grown rubber in the United States. Transplanting machine (below) in operation in Salinas, Cal., rubber-growing district.

Salinas, Calif., July 12.—(U)—Successful manufacture of automobile tires from Guayule, a rubber-producing plant, has led to an increased acreage of the Mexican shrub in 18 counties of California and Arizona. More than 4,000 acres are planted to Guayule in Monterey County, California, alone.

The development of this new industry has progressed to the point where 1,600 pounds of rubber is obtained from a single acre at one harvesting. Since it requires four years for the plants to mature, this is an average of 400 pounds of rubber per acre yearly.

Use of the Guayule plant, pronounced "Y-U-Lee," for extracting rubber is not new. It has been practiced in Mexico for more than 20 years, and from one to two per cent of all rubber used in automobile tires has been Guayule. However, the California and Arizona undertakings are the first successful efforts to grow the plant commercially. The

TWO ESCAPE INJURY IN AUTOMOBILE ACCIDENT

Norman McAnelly and Bernell Jurigan of Hamilton escaped injuries last night when a small coupe they were driving turned over twice when it left the Colorado-to-Gulf Highway near the Bourland store east of Vernon. Mr. McAnelly said today that the lights of an approaching car blinded them causing them to leave the pavement. The accident happened about 11:45 o'clock. The men were on their way to Vernon to visit friends. The car suffered considerable damage.

Drive on Women Bootleggers.

Texarkana, July 12.—(U)—Temporary bonds and hearings were set for 14 women in Arkansas Federal Court here today following what prohibition agents termed a drive on Miller County women bootleggers. They were divided equally between whites and negroes.

NEW BOOKS AT LOCAL LIBRARY

LIST INCLUDES MANY NEW WORKS, LIBRARIAN ANNOUNCES

Sixty-two new volumes recently have been added to the shelves of the Vernon Carnegie Library, according to Miss Lillian Newton, librarian. The list includes five sets of books of from 2 to 24 volumes each, and six single volumes.

The new books are listed as follows: "The Book of Poetry," 10 volumes, edited by Edwin Markham, consisting of the best collections from the whole field of British and American poetry; "Ghosts in the Earth," a complete volume, by O. E. Rolvaag; "The Strange Adventure," and "All Kneeling," two novels by Anne Parrish; "Joseph and His Brothers," by Freeman; "To the Light House," by Virginia Woolf; "Harnessed," by Hamilton Gibbs.

A set of classics, The World Drama Series, in seven volumes, edited by Robert Metcalf Smith, Ph. D., has been placed on the shelves of the library. Each book of this series presents plays selected for their qualities of permanent interest, Miss Newton said.

Among the late additions to the library is a set of 24 volumes, "Modern Business," by Joseph French Johnson. "The Real American in Romance," a series in 12 volumes, by John R. Musick, is the name of another set now offered at the library. The author of these books has actually used the medium of romance to give an authentic account of the country's history, and has done so in an interesting manner, according to Miss Newton.

Fifty briefly told stories of research, invention, and discovery are contained in Popular Research Narratives, a 2-volume set now at the library.

Earth Shock Is Recorded.

Belgrade, Yugoslavia, July 12.—(U)—A somewhat severe earth shock was felt here at 9:30 a. m. today. The epicenter was estimated to be about 60 miles away in the Rudnik district.

Citation by Publication.
The State of Texas,
To the Sheriff or any Constable of Wilbarger County—Greeting:
You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Wilbarger, for four consecutive weeks previous to the return day hereof, M. E. Taylor, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Wilbarger at the Court House thereof, in Vernon, Texas, on the 19th day of August, 1929, then and there to answer a Petition filed in said Court, on the 18th day of July, A. D. 1929, in a suit numbered on the docket of said Court No. 4987, wherein Annie Taylor is plaintiff and M. E. Taylor is defendant, the nature of the plaintiff's demand being as follows, to-wit:

Suit for divorce; plaintiff and defendant were married on the 24th day of July, 1910, and separated on the 24th day of August, 1927; plaintiff alleges that defendant was guilty of cruel and harsh treatment. Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Vernon, Texas, this 19th day of July, A. D. 1929.
MRS. J. A. WALKER, Clerk, District Court of Wilbarger County, Texas. 222-4Fri

IDLE WICHITA SPUDDERS SLIP BACK INTO FIRST PLACE

PANTHERS LOSE THIRD TO BUFFS IN ROAD SLUMP

Shreveport Is Responsible for Change of League Leaders by Winning Final From Waco While Dallas Beats San Antonio in Last of Series.

(By The Associated Press)

For a club that had just swept a three-game series with Shreveport and taken two out of three from Wichita Falls, the collapse of the Fort Worth Kittens in their opening series of the second half on southern soil stands almost unprecedented for the current season.

When they moved into Houston four days ago the Cats, although crippled, were playing remarkable baseball. Their starting pitchers almost invariably were finishing, and the club was hitting hard and often. They were at the top of the standing, and it looked very much as though the Snydermen were going somewhere. The Buffs, on the other hand, had just finished dropping six straight, three of which were to Beaumont, and to all appearances Gene Bailey's boys had curbed up.

That, however, was just how it looked. The story of what happened in the last three days in the Bayou City was completed yesterday when the Buffaloes whipped the Panthers down, 9 to 5, and made it unanimous. In the three games Buff pitchers allowed the Panthers just six runs, while not a single Fort Worth hurler was able to finish against the spirited Houston attack. The Cats were crippled by the absence of Ray Grimes, their slugging first baseman, and Manager Frank Snyder, but their play scarcely could have affected the outcome, so completely did the Buffs hold the upper hand.

Fort Worth was not the only northern club to suffer in its opening series in the southland. The Steers dropped two of three to San Antonio, salvaging the final, 5 to 3. The Spudders gained an even break with the Exporters when rain nipped their first

Phillie Slugger May Hang Up New Home Run Record

New York, July 19.—(P)—Young Mr. Charles Klein of the "Klouting Kleins" of Philadelphia, if he does not actually threaten the celebrated home run record of Babe Ruth this season, at least stands a most excellent chance of topping the seven-year-old National League record of 42, set by Rogers Hornsby in 1922.

League and club records for distance hitting are already on the charts but the center of interest now is Klein, who at this stage of the season is only two blows short of the pace that Ruth set in 1927 when he boosted his own season's record total to 60 homers. On July 19 of that campaign the Babe had collected exactly half of his final total. Klein, prior to today's game had 28 and led both leagues. Ruth, although handicapped by illness, a layoff of several weeks and now a strained knee has 22 circuit blows to his credit.

It probably is asking too much of Master Klein in his first full season as a regular to knock off the Babe's record but even with a jack-rabbit ball and a short right field target, it is little short of miraculous for the Phillie star to maintain the pace he has done.

He not only is in a fair way to eclipse Hornsby's National League record for a season's total, needing only 15 more homers to do so, but he may also be the first National Leaguer to enter the Ruthian class of 50 or more for one year. The Babe has passed the 50 mark four times.

al, while Shreveport made it two out of three from the Cubs by battling to a 9 to 6 triumph in their 12-inning closer. Wichita, incidentally, eased into the lead by standing idle, thanks to Waco's demise.

The new alignment today found Fort Worth at Beaumont, Wichita Falls at Houston, Shreveport at San Antonio, and Dallas at Waco. Interest will be centered, more or less, on the Buff-Spudd argument the next three days.

PIRATES LOSE GROUND TO CUBS

GIANT WIN IS ADVANTAGE TO RUNNERS-UP IN NATIONAL RACE

(By The Associated Press)

The first phase of John McGraw's own personal crucial battle against the high-riding Pirates had just the result Joe McCarthy himself would have asked. The Giants turned back the Pirates by 4 to 1 as the McCarthy troops swept through the paper defense of the Robins in Flatbush for an 11-to-7 decision. The Pirates remained on the top perch in the league standing, but they enjoyed a margin of less than one full game.

A five-run rally in the eighth ended old Alex the Great to pick up credit for the Cardinals' 6-to-4 victory over the Braves. Alex gave way to batting relief in the big inning, and Fred Frankhouse finished. The Phillies turned back Cincinnati by 6 to 4 in a game noteworthy because no one hit a home run.

The Yankees were rained out in Cleveland, and the Athletics picked up a technical advantage of half a game by defeating Detroit 8 to 4. The Mackmen margin now is eight and one-half contests.

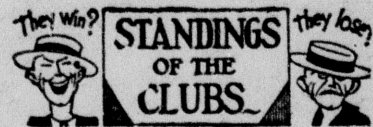

More important to Connie Mack than this paper advantage of having won a game which the Yankees yet have to play was the showing of George Walberg who in recent games had threatened to enter a slump. Walberg gave the Bengals nine hits, but so scattered these that the afternoon was an athletic walk-over.

Washington opened its stay in St. Louis by winning a wild 10-to-3 decision. Seven Washington runs in the seventh decided the issue.

The veteran Red Faber shaded Danny MacFadden in a fine pitching battle at Chicago, and the White Sox defeated the Red Sox by 2 to 1 in ten innings.

Firemen Discover Still. Dallas, July 15.—(P)—A large still, 65 gallons of whiskey and approximately 2,500 gallons of mash were found by firemen here today as they fought a blaze in a small dwelling.

LOUGHRAN TO RETAIN LIGHT HEAVY CROWN

Champion Outboxes Braddock at Every Stage of Fifteen-Round Battle and Thus Neutralizes Slugging Tactics of Jersey City Challenger.

New York, July 19.—(P)—Tommy Loughran was still ruler of the light heavyweight brigade today and James J. Braddock, Jersey City puncher, had only a boxing lesson to show for his meteoric climb to the rank of contender.

Meeting Braddock in a 15-round titanic battle at the Yankee Stadium last night, Loughran piled up points with a stabbing left hand and won the decision beyond a question of a doubt.

Not once during the struggle could Braddock land squarely with his right hand, without which the Jersey youngster would not have deserved to be in the same ring with the champion. With that right hand Braddock had broken Pete Latzo's jaw, knocked out Tufty Griffith in two rounds and stopped the Buffalo Speedster, Jimmy Slattery, in nine rounds.

Against Loughran, however, Braddock could find no use for his most potent weapon. Outspeeded and outsmarted all the way the Jersey lad found the champion's left always ready to catch the wild overhand rights that came his way.

Never has Loughran appeared to better advantage. His educated left hand spent most of the evening in Braddock's face. With it he kept the challenger off balance, thus neutralizing the undoubted power Braddock has in his fists.

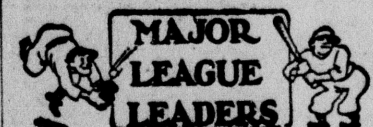

A crowd of 25,000 saw the scrap with a "gate" in the neighborhood of \$50,000.

Loughran weighed 174 pounds; Braddock 170.

MEXICO TO STAGE BIG AIRPLANE EXHIBIT SOON

Mexico City, July 19.—(P)—American airplane builders, motor manufacturers and aerial transportation companies are to be invited to participate in an "aviation week," which the Mexican Aeronautical Association is planning to hold in November.

SPORTS RETURN ESTRADA TO MINNEAPOLIS MILLERS

Shreveport, July 19.—(P)—The failure of Oscar Estrada, Cuban hurler, to hit a winning stride in the Texas League this year presents one of the strangest cases in local baseball history.

The swarthy southpaw, who pitched such great ball for the Sports and Minneapolis Millers last season that he was drafted by the St. Louis Browns, has been turned back to the Millers by Manager Phelan. His last start was against the Dallas Steers, who beat him handily.

Estrada reported to the Sports as an outfielder last year but was converted into a moundman by Phelan and proved one of the season's best finds. Shreveport owners were jubilant when the Browns turned the Cuban over to them soon after the present season opened.

BOGGESS CREDITED WITH INSPIRING SHIPPER TEAM

Beaumont, July 19.—(P)—Much of the credit for the sensational six-game winning streak that carried Beaumont to the top of the Texas League ladder two days ago has been given to Dusty Boggess, demon Export utility man, who filled the shoes of Bill Akers at short after the latter had injured himself in a fit of temper.

Boggess hit and fielded equally as well as had Akers, and his enthusiasm did much to buoy up team spirits. Although signed originally as a catcher, Boggess has played almost every position on the club, and has done it well.

Akers put himself on the injured list when, after popping out on an attempted sacrifice, he took several heavy kicks at the galvanized iron water bucket. He showed up the next day with a limp.

METHODISTS IN CRUCIAL GAME

RESULT OF TODAY'S TILT MAY HAVE BEARING ON FINALS

The league standing:
Team— P. W. L. Pct.
Presbyterians 5 4 1 .500
Christians 6 3 3 .500
Methodists 5 2 3 .400
Baptists 6 2 4 .333

The Presbyterians and Methodists, Vernon Sunday School league teams, meet this afternoon at 6:15 in the week's final game. If the Methodists win they will be tied with the Christians for second place, with the Presbyterians still in the lead. A Presbyterian win will place the Methodists on a par with the Baptists for cellar occupancy.

If the speeding Presbyterians are to be dislodged from first place at an early date, it will be necessary for the Methodists to win today. On the other hand, a Presbyterian victory will still further strengthen the lead now held and will have the effect of practically eliminating the Methodists from the running in the

Fatally Hurt in Wreck.

Dallas, July 19.—(P)—Mrs. J. C. Bruggen 50, was injured fatally here today when her automobile got out from under control on a grade crossing and overturned.

HOYT RESUMES ALASKA FLIGHT

ARMY OFFICER MAKES GOOD TIME IN FLYING FOR LONG DISTANCE

Minneapolis, July 19.—(P)—Nome, Alaska, by 11 o'clock tonight is the goal of Capt. Ross G. Hoyt, who hopes to make a flight from Mitchell field, to Nome and return in 75 hours and 40 minutes elapsed time for the 8,460 miles.

Capt. Hoyt left Mitchell field yesterday at 2:38 p. m., eastern daylight time, and his first hop was to Minneapolis, a distance of 1,030 miles. He reached Chamberlain field here at 7:58 p. m., central standard time, taking on 200 gallons of gasoline before leaving for the next refueling point, Edmonton, Alta., 1,100 miles from here.

Originally, Captain Hoyt's schedule called for reaching Nome at 1 a. m., Saturday, but he hoped to better this by two hours, he said here from Edmonton his route takes him

to White Horse, Yukon, 1,100 miles, Fairbanks, 500 miles, and to Nome, 500 miles.

After a six-hour stop at Nome, he will return to New York by the same route.

Completes Second Lap.
Edmonton, Alberta, July 19.—(P)—Captain Ross G. Hoyt, flying from Mitchell field, N. Y., to Nome, arrived here at 5:45 a. m., eastern standard time, today.

ENDURANCE PLANE STILL IN AIR OVER HOUSTON

Houston, July 19.—(P)—High above Houston the "Billion Dollar City" endurance plane, roared on today toward completion of its second day in the air.

At 1:40:54 a. m., the ship passed the 36-hour mark, her motor and two-man crew still functioning smoothly. Periodic refuelings were carried out without incident.

Yesterday the pilots, Glenn L. Loomis and Joe Glass, ordered up a cork to plug the main gasoline tanks' refueling aperture. Fuel had been evaporating.

This is the second time the craft has been sent up in search of a new refueling flight record. The first ended in failure, about 20 hours after it began Monday.

FIGHTS LAST NIGHT

New York—Tommy Loughran, world light heavyweight champion, outpointed James J. Braddock, Jersey City, (15). Buddy Howard, New Haven, Conn., knocked out Charley Noyett, New York, (2). Dave Shade, California, outpointed Rene Devos, Belgium, (10).

Chicago—Billy Shaw, Detroit, defeated Earl Mastro, Chicago, foul, (5). Al Greenfield, Chicago, outpointed Harry Dubinsky, Chicago, (10). Kansas City, Mo.—W. L. (Young) Stribling, Macon, Ga., outpointed George Cook, Australia, (10). Babe Hunt, Ponca City, Okla., knocked out Sully Montgomery, (2). Duke Trammell, Fort Worth, Texas, and Howard McLain, Louisville, Ky., drew, (10).

Mason City, Iowa—Mickey Durane, Omaha, Neb., outpointed Paul Anthony, Mason City, Iowa, (10).

LOUGHRAN WILL ENTER HEAVYWEIGHT CLASS

New York, July 19.—(P)—Tommy Loughran announced today the light heavyweight throne was vacant and he would seek the permission of various boxing commissions to campaign hereafter as a heavyweight.

"From now on I am going to fight at my normal weight which will preclude my continuing in the 175-pound division," he said. "I intend to give up the crown and see what I can do among the heavies, the authorities, of course, willing."

FIRE DEPARTMENT MOVES TO MUNICIPAL BUILDING

The Vernon Volunteer Fire Department moved into quarters in the new municipal building yesterday afternoon following the completion of the installation of telephones, alarms, and other electrical fixtures. Fire engines and apparatus were transferred to the new location and firemen were moved into their new apartments several days earlier than was formerly announced when mechanics found it possible to complete their work yesterday, Fireman John Huntley said.

The fire trucks now occupy ample space in the rear of the new building, with telephones and alarms conveniently situated. Commodious living apartments for the firemen are located on the second floor of the 100,000 structure. Exit may be made from these apartments by the main stairway, by a rear outside stairway, a private stairway to the engine room, and two sliding poles to the engine room.

With the moving of the fire department from the temporary station on Cumberland Street opposite the post office, all of the city officials and workmen are situated in the new city hall.

Wickersham View Being Discussed by Dry Leaders

Washington, July 19.—(P)—The prohibition suggestions made by Chairman Wickersham of the President's law enforcement commission in the letter read to the Governors' conference at New London, Conn., continued today to engage the attention of wet and dry members of Congress.

In some quarters, meanwhile, it was regarded as clearly established that the President had no intention of complying with the demand of Senator Caraway, dry Democrat of Arkansas, for the chairman's resignation on the ground he had "sacrificed his usefulness."

That conclusion was drawn from the statement by Senator Watson of Indiana, Republican leader, in defense of the Wickersham proposal that enforcement responsibility be definitely divided between the Federal government and the states, which was coupled with his suggestion that, if this were done, "national and state laws might be modified so as to become reasonable and enforceable."

The Republican leader, who is closely associated with President Hoover, interpreted the letter as urging "that the states do their full duty in enforcing the Eighteenth Amendment."

Senator Borah, Republican, Idaho, dry leader and supporter of the President's enforcement program, remarked that Mr. Wickersham had "at least succeeded in making it clear that he regards the prohibition law as unenforceable." He declined to say whether he thought President Hoover had seen the letter before it was sent to Governor Roosevelt of New York, who read it to the conference.

Less reticent on that point, Senator Tydings, wet Democrat of Maryland, declared he did "not think Hoover had anything to do with it," but that he regarded it as an "effort to get the reaction of the Governors so that the commission might study their views."

Tilden Wins Match

Berlin, July 19.—(P)—Bill Tilden smashed his way to victory over Hans Modenbauer of Germany in three straight sets today to give the United States the opening match in the Davis Cup tennis matches. Tilden downed his Teuton opponent by scores of 6-2, 6-4, 6-4.

WARD TO OPEN VERNON STORE

FORMAL OPENING OF 24TH
TEXAS RETAIL STORE
IS TOMORROW

The formal opening of the 24th retail store of Montgomery Ward & Company in Texas will be held here tomorrow at the new building on Fannin Street, erected by Mrs. Elizabeth Herring of Amarillo at a cost of \$50,000 and has just been completed.

The doors will be opened early tomorrow morning with L. W. Holderness, manager, in charge and with eight visiting officials of the Company present for the opening. Seven

managers are employed by the Vernon store. Other than Mr. Holderness the managerial force is: H. G. Briley, assistant manager; J. E. Grey, first floor manager; T. Don Lovett, second floor manager; J. A. Collins, shoe department; T. L. O'Steen, men's furnishings; and L. J. Blavity, receiving and shipping department.

The entire stock of about eight carloads has arrived and has been placed on display throughout the store. On the first floor of the building are the men's furnishings, piece goods department, shoes, lingerie, notions, and drugs. On the second floor is the furniture display, floor coverings and refrigerators. In the basement will be found a complete line of automobile tires, automobile accessories, hardware, sporting goods, electrical appliances, house furnishings, paints, stoves and bath fixtures.

The out-of-town officials of the Company who are to be here for the opening tomorrow are: H. B. Stevens, Texas territorial manager; J. W.

Forbes and T. F. Hubbell of the display department; all with headquarters in Fort Worth. O. G. Israelson, of the Chicago auditing department will also be here. Donald Eunch and J. D. Payne of Fort Worth, V. S. McCleary, territorial superintendent; and Roy Hodges Dallas, representative of the Lamson store system used in the Montgomery Ward & Company retail store of Vernon.

Mr. Holderness, manager of the new store, has been connected with the Company 18 months, and was connected with the San Angelo store, the first to be opened in Texas. Since that time he has been with stores at Waco, Childress and Corpus Christi.

SIX FINED IN CITY COURT FOR DISTURBING PEACE

Three men and two women were fined \$10 each and one woman was fined \$15 and costs in police court yesterday afternoon when they pleaded guilty to charges of disturbing the peace last Monday night, according to Mayor H. D. Hockersmith.

The three couples were arrested late Monday night at a house on Texas Street near the business district when neighbors are reported to have complained to police. Officers arrived in time to break up a drunken brawl, but not until one of the women had been injured about the face and arms. Necessitating her removal to a local hospital where she was treated. The entire party was taken to the County jail where four of them made bond. The remaining couple made bond early Tuesday morning, and ordered to appear before the city court Wednesday afternoon.

The failure of two of the party and the accusing officer to appear Tuesday caused the postponement of the trial, Mayor Hockersmith said.

Plasterer Killed.
Fort Worth, July 19.—(P)—Tom Sayers, 25, plasterer, was killed yesterday when he came into contact with a live wire while working on a building here.

Alice White Talks, Sings And Dances in "Broadway Babies"

The thump of the feet of dancing girls, and the gay and jazzy songs "Broadway Baby Dolls" "Jig, Jig, Jigaloo" and "Wishing And Waiting for Love" feature the great theatrical picture "Broadway Babies," starring Alice White, coming to the Vernon Theatre Sunday for 4 days. Directed by Mervyn LeRoy, this picture is a classic of Broadway.

Commencement of Summer School To Be Held Tonight

The second summer graduating class of the Vernon High School will receive their diplomas tonight at the commencement exercises at Allingham Park club house at 8:15 o'clock. The seven members of the class are: Mildred Erlen Tarhune, Carl Leroy Busby, George Erwin McKenzie, Inez Craig, Lloyd E. Rainwater, Cletis Holomon, and Juanita Bell.

W. H. Huggins will deliver the commencement address on "Service". Former graduates of the High School have been asked to attend the graduation program as a feature of the commencement program. The diplomas will be awarded by J. O. Rouse, president of the school board. The commencement program tonight will mark the close of the 1929 summer session.

WHEAT BLOC FOR GALVESTON

PORT CONGESTION CAUSED
BY HIGH PRICES
IS CLAIM

Washington, July 19.—(P)—An embargo on shipments of wheat to Galveston goes into effect today in an effort to relieve the congestion of grain at the Texas port.

The embargo was decided upon by the railroads serving Galveston and was announced by the American Railway Association.

L. M. Betts, of the car service division of the Association, said 4,000 cars of wheat were at Galveston and that 3,000 additional cars were en route. It was necessary, therefore, he said, to place an embargo on further shipments because the elevators were about filled.

Recent high prices for wheat was said to have brought about the congestion.

Galveston Will Protest Order.
Galveston, July 19.—(P)—The goal of Galveston shipping and traffic interests today was the immediate modification or revocation of embargo restrictions placed on export grain at Galveston.

The embargo, announced yesterday by R. C. Andrews of Dallas, district manager of the American Railway Association car service division, went into effect at midnight last night. Before it became operative, Galveston interests decided to meet and attempt to iron out the situation, caused, it was said, not by lack of facilities to move wheat but by peculiar market conditions.

The embargo, restricting further loading at interior points for export at Galveston, will not stop cars en route here, totaling 2,924. They will be allowed to continue, and cars consigned to Fort Worth for inspection may be reconsigned to Galveston until midnight Saturday. The embargo will be lifted when congestion disappears.

New Cardinal Created.
Vatican City, July 19.—(P)—A new cardinal was added to the sacred college yesterday when Pope Pius in public consistory in the Sala Regia, solemnly imposed the red hat upon Monsignor Ildefonso Schuster, abbot of St. Paul's outside the walls.

New Station at Houston.

Houston, July 19.—(P)—The city signed a contract with officials of the Southern Pacific Railway for construction of a large, modern passenger station and rearrangement of tracks and street around it. The project will cost approximately \$7,000,000. The old Brazos Hotel, known throughout the South, will be razed.

She's The Nurse for 1500 Monkeys

LOS ANGELES GIRL FINDS THEM MUCH EASIER TO CARE FOR THAN HUMANS

Miss Peggy Maner and one of her Simian patients.

Los Angeles, July 18.—(P)—Being nurse to some 1500 monkeys of all ages and breeds is not half the task it sounds, according to Miss Peggy Maner, who sees to the health of her simian charges at the Los Angeles Monkey Farm here.

Miss Maner says she would rather take care of a dozen monkeys through sickness than one human—and she knows whereof she speaks.

Her nursing experience has been varied and wide. She has worked in several large hospitals and served with the Red Cross during the World War, when she was wounded while on duty near the front.

They Don't Complain.

"The poor monkey is a much maligned creature," she explained. "Everyone looks down upon them as being a lot of chattering, screaming, absolutely unnecessary evils, but peo-

ple don't know them as I do.

"It is an accepted fact that one never knows a fellow man until he has tended him through illness. People when ill are prone to be querulous, quick tempered, inflicting their ill feeling on those about them and in general hard to get along with. But the monkey is different.

He has a capacity for patient suffering that it would do us well to immitate when ill.

"Not that he lacks a mode of expression. Far from it. Every movement of a monkey's face betrays some emotion, and the sounds they utter sometimes closely approach a language. I'm sure they do talk, if we could only understand them.

"They are so human. And the babies—they are the cutest things in the world. I've seen many a child come into the world that wasn't nearly as good-looking as some of these baby monkeys.

They're No Disgrace.

"Of course, I believe in evolution. No one who has known monkeys as I do could disbelieve in the theory. But I don't think it is a disgrace for us to have them as ancestors. In fact, sometimes I think we are a disgrace to them."

The "monkey hospital" where Miss Maner works is a unique institution. It is as completely equipped as any hospital for human beings, and has a maternity ward, operating rooms and an emergency division. So appreciative are the animals of the care they

receive that often those that have been treated return voluntarily to Miss Maner for fresh bandages—or just for sympathy.

COMEDY TRIO IN PICTURE AT PICTORIUM IS UNUSUAL

Comedy teams are no novelty on the screen, but a comedy trio is, especially when three such funmakers as John Breeden, Marshall Ruth and Jimmy Barnes compose it.

This aggregation supplies many of the mirth-quakes among the spectators of "Joy Street," Fox Films' "whooper" sensation now showing at the Pictorium Theatre.

"Joy Street" is a startlingly vivid and frank story of modern life among a gay and reckless crowd of young millionaires. It is packed with drama of an unusual character and treated in an entirely "different" vein. Lois Moran, Nick Stuart, Rex Bell and Sally Phipps have the principal roles, with more than sixty young players in the supporting cast. Raymond Cannon wrote and directed the original story, based on real-life occurrences.

Angora Damaged by Fire.

Constantinople, July 19.—(P)—A large part of the city of Angora was ravaged by fire today. Flames broke out at 2:00 a. m., and, fanned by a

strong wind, spread rapidly. Reports to Constantinople this afternoon said the fire had not been gotten under control.
